

## STATEMENT BY GNK GOLF

### *REGULATIONS FOR ACCESS TO GNK GOLF COURSES*

Dear Sir or Madam:

From GNK Golf Management we would like to remind all non-players that only people with a green fee and a tee time that allows them to play golf, will be able to access the golf course area.

For those people who are not playing golf, it will be totally forbidden to access the golf course because of the risk it may pose to their physical integrity.

On numerous occasions our golf staff have come across entire families using the buggy paths for walks, people running around the golf course, and even children playing in the bunkers. This represents a huge risk to these people because a ball thrown by a golfer hitting a child or even an adult can cause very serious injuries, which can be irreversible.

Therefore, we strongly urge all non-golfers to refrain from using the buggy paths and the golf course area to help prevent a tragedy.

We hope you share our concern about this matter and thank you in advance for your cooperation.

Kind regards.
