

ADVICE FOR VICTIMS OF CRIME IN SPAIN

If you are a victim of crime or see a crime being committed or if you see a traffic accident or are involved in a traffic accident, the national emergency number for police (fire and ambulance) is **112**. You will be put through to someone who speaks your language. You are likely to be told that you will need to make a statement about the event (denuncia) at a police station within 48 hours and you will be told which police station to go to.

To report a crime to the police “after the fact” or to obtain a police report for any reason, including insurance claims, you will need to go to the police station. If you lose or have stolen any bags, expensive items or especially your passport you **MUST** first report this to the police. They will issue you with a denuncia to show you have reported its loss. In the case of a lost/stolen passport the denuncia should be presented to your national consulate where emergency documents to travel home will normally be issued.
